CHESAPEAKE BAY BRIDGE AND TUNNEL DISTRICT

PETROLEUM PRODUCTS
INVITATION TO BID
BID NO.: M-24-002

TO: All Potential Bidders
FROM: Chesapeake Bay Bridge and Tunnel District
SUBJECT: Invitation to Bid, Bid No.: M-24-002 Points of Clarification, Information that is Typically Requested.
DATE: May 31, 2024

Points of Clarification:

The following is provided for clarification only and not to change the Specifications or bid documents.

Point 1. Tank locations:

The following addresses/locations will be per Item # on pages 3 and 4 of the Specifications, which are part of the Instruction to Bidders:

- Item #'s 1, 4 and 6 are located at the general areal of 32386 Lankford Highway, Cape Charles, VA 23310
- Item #'s 2, 5 and 7 are located at the general area of 2400 Northampton Blvd, Virginia Beach, VA 23455

The four locations under Item #3 are located on Islands out on the facility on either end of each tunnel. These do not have physical addresses, so latitude and longitudes have been supplied below.

- # 1 Island – 36 57' 59.14"N, -76 06' 45.63"W
- # 2 Island – 36 58' 51.89"N, -76 06' 23.94"W
- # 3 Island – 37 02' 11.94"N, -76 04' 35.89"W
- # 4 Island – 37 02' 46.15"N, -76 03' 46.55"W

Point 2. Deliveries can vary, but typical delivery method consists of a 10-wheel tank wagon truck.

Point 3. Delivery frequencies, see attached Appendix B-Delivery Tracking Sheet.

Point 4. Average delivery size, see attached Appendix B-Delivery Tracking Sheet.

Point 5. All tanks for this fuel are below ground.

Point 6. While it is typical for more than one delivery to be made with one run, especially with heating fuel deliveries, an individual order cannot be ruled out, especially when dealing with over the road fuels at the North or South end of our facility.

Point 7. The District's payment terms are typically Net 30.

Point 8. Bid tabulations from the current contract are attached as Appendix A- Bid Tabulation.

Sincerely,

Timothy R. Holloway
Director of Maintenance

APPENDIX A- BID TABULATION SHEET
